

The Fowler Ultra Precision V-Block Set offers a quick, accurate and positive means of holding work-pieces for layout, machining, grinding or inspection.

#### Special Features:

- Two reversible swing-away clamps are provided with each V-Block set.
- V-Blocks are made of tool steel completely hardened and ground.
- This versatile clamp, plus the unique offset hole pattern in the top of the V-Block, offers a large variety of clamping possibilities.
- Side slots allow easy clamping to almost any work surface.
- All V-Blocks are square, parallel and centered within .0002".
- Price includes a fitted wood case.
