

Fowler

Parallel Clamps & Pin Vises

▲ Parallel Clamps #52-465 Series.

Special Features—#52-465 Series:

- Fowler's Parallel Clamps are designed for maximum strength and rigidity.
- Useful for holding work together in tapping and drilling and on various machine set-ups.
- Clamps are equipped with spring clip and retaining ring.
- Ends of jaws are chamfered.
- Case hardened steel finish.
- Screw heads are drilled, allowing use of pin for tightening.

Pin Vise Set—#52-491-000

- Fowler's new Pin Vise Set includes 4 vises for holding pin gages and wires.
- Housing of black nitrate anodized, corrosion resistant finish with knurled bands.
- Capacity 0—.159".
- Includes convenient plastic case.

Capacity

- A 0—.042"
- B .01—.057"
- C .04—.102"
- D .10—.159"
