Bulletin #211

## Ultra-Micrometers... High Quality Master Micrometers

**ULTRA-MICROMETERS**, recently introduced by Fowler, are master micrometers of extremely high accuracy. This stylishly designed tool is modestly priced.

- Unique ratchet design allows one-hand operation
- Large insulated plates on the frame prevent changes in readings due to temperature fluctuation
- Carbide tipped anvils
- Easy to read crisp graduations on satin chrome micrometer barrel
- Positive spindle lock to hold measurements
- Measuring standard included with 1—2" and 2—3" sizes
- Graduation 0.0001"
- Furnished in handsome fitted cases with certificate of accuracy and adjusting wrench
- Accurate within  $\pm .0001$ "
