Features

- Specially designed for inside measurements in hard to reach places.
- The Digimatic Caliper provides digital readout to .0005"/0.01mm for error-free reading.
- All Digimatic models provide SPC output. Additionally, these models incorporate Mitutoyo's exclusive Absolute reading scale. The Absolute scale always knows its true position from the origin point and never needs zero-setting.
- Power Supply: Silver oxide cell (SR-44 1 pc.)
- Battery Life: 3.5 years under normal use.
